Producer with four years of experience working across the Australian screen industry, with a strong focus on scripted content, production coordination and creative development.

PROFESSIONAL EXPERIENCE

VISION FILMS

Producer

2023–Present

- Produce and coordinate narrative, commercial and branded screen projects from development and pre-production through to delivery, working closely with clients, creatives, crew and talent.
- Manage schedules, call sheets, production logistics, crew coordination and on-set requirements, balancing multiple priorities while keeping projects on track.
- Work directly with writers, directors, performers, crew and clients to translate creative ideas into practical production plans and deliverables.
- Build and maintain strong working relationships across a diverse network of filmmakers, production professionals, clients and creative partners.
- Operate a creative production business, requiring strong organisation, communication, administration, prioritisation and relationship management.

SET IN MOTION

Founder & Community Organiser

2025–Present

- Founded and organise a Melbourne filmmaker community designed to connect local screen practitioners, facilitate collaboration and create pathways for filmmakers to develop their work.
- Organise regular industry gatherings where filmmakers can network, find projects, connect with crew and talent, and share work for constructive feedback from people working in the industry.
- Coordinate events, communication, attendance, contributors and community relationships, creating an inclusive and productive environment for emerging and established filmmakers.
- Support creative development by facilitating feedback on members' projects and connecting people with relevant collaborators and industry knowledge.
- Since launching, five short films have been created through the Set in Motion community.
